

# FoodCycler™

## THE IN-HOME FOOD WASTE DIVERSION SOLUTION

Join your municipality in tackling food waste by piloting FoodCycler™ technology in your home. Support your municipality by testing this innovative technology!

## Why should I participate?

Did you know that up to 50% of household waste is composed of food waste? By helping your municipality address food waste, you are supporting your community's environmental initiatives, while reducing your carbon footprint.

## What is required of me?

Not much! Purchase a FoodCycler™ from your municipality at a subsidized cost, track your use once a week for a period of 12 weeks and then answer a brief exit survey.
