Parks, Recreation and Culture Master Plan Public Open House

CENTRE HASTINGS – The Municipality of Centre Hastings is undertaking the development of the it's first Parks, Recreation and Culture Master Plan to help guide future capital investment, improve services, and respond to recreation-based needs for the next 10 years.

Members of the public are invited to attend a drop-in public open house at the Arts Centre (24 Seymour St W, Madoc, ON K0K 2K0) on Tuesday May 9, 2023, between 6:00 and 8:00 p.m. to review and provide comment on the project.

Sierra Planning and Management was retained to develop the plan. The first phase of the project, focused on identified needs and opportunities, was finished in late 2022, and the second phase which focused on developing strategic directions and draft recommendations, is now nearing completion.

The purpose of the upcoming drop-in open house will be to provide key highlights of the plan, its goals and objectives, and next steps in implementing the recommendations. The consulting team will be available to answer questions and provide further background on the project.
