

MEDIA RELEASE
-NEW CONTRACTOR-

FOR IMMEDIATE RELEASE

Starting Monday, November 7, Quinte Waste Solutions will have a new Collections and Sort contractor – GFL.

Quinte Waste Solutions is reminding residents, that with any change of service provider, they can expect delays as the contractor adjusts to the recycling collection routes.

Residents will continue to see the blue trucks and the same drivers on the routes. Aside from delays, there should be no change to recycling collection.

Please continue to have your properly sorted recycling material at the curb by 7am on your regular collection day.

For more information about blue box recycling or household hazardous & electronic waste recycling, please visit our website at quinterecycling.org.

Quinte Waste Solutions (QWS) is the municipally operated organization responsible for blue box recycling and hazardous and electronic waste diversion programs throughout Centre and South Hastings County and Prince Edward County. We have been working with our nine member municipalities since 1990 to keep recyclable material, including hazardous waste, out of the landfill.
